'SOS' Unit Push New School Tax

Now 62 strong, the citizens' "Save Our Schools" committee Tuesday night met to lay the groundwork for the "second try" Jefferson Elementary School District permissive tax election, July 29.

Next meeting is Tuesday night, June 10, in the Woodrow Wilson School multi-purpose room, starting at 8 p.m. Co-chairmen Arthur Huelse and Martin Orloff encourage public attendance and participation.

First try at raising the district's tax for operating funds from \$1.50 to \$2.20 failed May 27 by almost 450 votes. Less than 2500 of the 17,000 eligible voters responded.

\$2.50 Maximum
The July 29 election, the new committee and trustees have decided, will ask voters to approve a hike to \$2.50 per \$100 maximum. On paper, this is a \$1 request, but actually the district is operating now at \$1.77 per \$100. So the July 29 "yes" appeal will seek a raise of about 73 cents.

The committee Tuesday again heard Dr. David Shapiro, assistant superintendent, and Dr. Vinton Stratton, director of instruction, explain the critical possibilities that will result if the election fails again.

The pair sternly explained that if the tax hike is defeated, the 20 new teachers, by this September, can't be hired and another 17 teachers will have to be cut from the staff. Other necessary cuts include about \$40,000 in instructional supplies, upkeep of grounds and playgrounds, partial transportation and possibly elimination of kindergarten.

Kindergarten Halt?
If kindergarten has to be discontinued, the district would be able to "save" at least 16 teachers, and if transportation cuts are necessary, 10 more teachers would be spared.

Shapiro and Stratton pointed out that these are the possibilities and certainly not what they would recommend unless a defeat at the polls July 29 dictates such steps.

The district will have 750 new students this September, figured on the difference between a booming kindergarten crop this fall and those students who graduate this June.

Peter Markovich is finance chairman for the "SOS" committee. Donations for election publicity Tuesday night amounted to about \$70.

Many more citizen volunteers and cash donations are needed immediately to "spread the word" on the extreme crisis facing JESD, now and July 29, Shapiro commented.

Citizens interested should call PL 5-3341 or PL 5-2262.

'Unusual' Auto Theft Episode Jails DC Youth

A 16-year-old Westmoor High sophomore was arrested by Daly City police Monday morning following a wild stolen-car chase that ended with his capture near the Lake Merced boathouse.

The youth, who gave the four arresting officers a phony name, three hours earlier had forced a San Francisco housewife from her car as she was waiting for her sister to take a test at the state motor vehicle office in Westlake.

SF Driver Faces Drunk Count Here

Due in municipal court Thursday next week on a charge of drunk driving is Stanley Hart, 31-year-old San Francisco lithographer, arrested in Daly City at 2:25 a.m. Saturday morning after his car was spotted weaving north on Mission street.

Officer Al Nicolini said Hart's auto narrowly missed oncoming traffic. He flunked a sobriety test.

Hart was released on \$500 bond.

'Second Try' JESD Election Set For July

Shocked at the polls last week, Jefferson Elementary School District trustees and a new citizens' committee will try again for a "desperately needed" permissive tax hike in a special election on Tuesday, July 29.

Attributing the May 27 election failure to "a letdown in giving all the facts on the election needs to voters," trustees believe the July 29 results will bring victory.

The May 27 balloting to raise the permissive tax maximum from \$1.50 to \$2.20 per \$100 valuation lost by 1365 "no" to 934 "yes." Only about 2300 of the 17,000 eligible voters participated at the polls.

Arthur Huelse and Martin Orloff, two candidates in the recent trustee election, co-chairmen the new citizens' committee asking "yes" on July 29. At last week's board meeting and again last night, they ironed out publicity strategy with more than 15 citizen volunteers—who this time are determined to work for public support.

Before Deadline
The late July date is necessary because adoption of the district's new fiscal budget must come before August.

Should this second tax election fail—this time the ceiling will be \$2.50 per \$100...serious cutbacks will have to be made

Big Barn Dance This Saturday To Aid DC Cancer Campaign

The big barn dance to raise funds for the Daly City cancer campaign fund drive is slated for this Saturday night, 8 o'clock, at Colombo Hall.

Tickets are only 50 cents each or \$1 a couple.

Mrs. Joseph Lewkowitz, Daly City chairman for the Cancer fund drive, pointed out, "This is the opportunity for all north county residents to combine an evening of very good fun, dancing, and donation to one of the finest causes."

Music will be provided by Lewkowitz' band, the "Gay Chords."

Tickets are still on sale at stores in Daly City and may be obtained from the Super service station, 3356 San Jose avenue, as well as at the door of the hall.

The community goal of \$3000 has not yet been reached, reported Mrs. Lewkowitz, and

Civic Center Group Eye Two Sites

Citizens' sub-committee came up with two "desirable" civic center sites Monday night, but final decision depends on the priority councilmen extend the project in an estimated \$400,000 capital outlay budget for the new fiscal year.

Richard Dwyer, sub-committee chairman, revealed only that the sites both are near the southerly extreme of Junipero Serra boulevard, one east of the highway and the other west of it.

Appraisals thus far on both sites are way above what the city budget can allow, according to City Manager Howard Stites.

Both sites are each less than three acres in size, he pointed out.

The Projects

Stites' capital outlay budget recommendation for fiscal '58-'59 include about \$173,000 for the new Westlake library, \$150,000 for the civic center site, and funds for new fire equipment and a warehouse for the public works department.

He recommends that \$75,000 be spent in the '58-'59 budget to start the library, the remainder coming in the '59-'60 budget. Samuel Chandler, city librarian, reviewed his budget requests with the council Thursday night and suggested the city withdraw from the county system next year.

The council Sunday night held its fourth budget study meeting and set Friday evening, June 13, for another session. All but public works department requests (particularly water system) have been weighed by the council.

Key items in the budget thus far are:

1. Mayor Micheal DeBernardi's suggestion that a secretary be employed as clerk of the personnel board and the administrative assistant take over duties of the city buyer.

DeBernardi maintains that hiring a full-time personnel clerk is too expensive and thinks the buyer's job could be handled by Stites' assistant. The latter currently spends three-fourths of his time doing the personnel clerk duty. The personnel board spokesman, Harry Bosberry, holds that a "professional" individual should handle its clerk position. Thus Bosberry feels a secretary could not handle the job effectively.

2. Five per cent wage increase request by city employees.

3. Request of fire and police departments for additional

Felony Charge Against Driver Who Struck Boy

A 10-year-old Daly City boy, James Allen, was critically injured Wednesday afternoon last week when he was struck by an auto at the Westlake-Mission intersection.

Police charged the driver, Ronald H. Carson, 33, truck driver of 27 Hillcrest drive, with felony drunk driving, following sobriety tests. Carson was remanded to custody of the sheriff in lieu of \$1000 bail.

Three witnesses said Carson's car was going north on Mission when the youth attempted to cross the street in the crosswalk.

The victim is the son of Mrs. Eileen Allen, a nurse, who lives at 655 San Diego avenue.

The boy was moved to St. Luke's hospital after emergency attention at Junipero Serra hospital, according to investigating officers Richard Sims and Robert Crocker.

JURY DECIDES FURTADO CASE IN MUNI COURT

Jury trial in municipal court this Thursday morning will decide the two misdemeanor charges against Oscar Furtado, 51, of Westlake.

The plant superintendent, who lives at 40 Pinehaven drive, is charged with vagrancy and indecent exposure by the parents of two neighborhood girls.

Furtado insists he is innocent. For many years he has been popular in Westlake for acting as Santa Claus at Christmas.

Beauty Parlor Thief Gets \$35

A burglar who left no signs of forcing entry and did little ransacking, last week (Wednesday night) got \$35 in small bills from a file cabinet at David's Beauty Salon, 40 Park Plaza drive.

Beauty operator Mary Best discovered the loss Thursday morning, police were informed.

An estimated 67 percent (120,000) of San Mateo County's eligible voters Tuesday responded in the primary election that featured a mounting Democratic trend for finals in November.

Results available at deadline time in local races were as follows:

345 Hi School Seniors Will Graduate Here

Daly City's two high schools, Jefferson and Westmoor, will graduate approximately 345 students next week.

Westmoor's first graduation class in history, 175 strong, will get diplomas next Wednesday night, 8 o'clock, in the boys' gymnasium.

The Jefferson fete is Thursday night, 8 p.m., in the boys' gymnasium, for 170 seniors.

Sally Traeger is Westmoor class speaker. Edward Davis is the keynote at Jefferson.

Elio Fontana, chairman of trustees, will present diplomas at Westmoor. Mrs. Anna Eason, clerk of the school board, will do likewise at Jefferson.

Supt. Edward Morgan and the entire school board will be present for both ceremonies.

Colma School will graduate about 400 eighth graders in the Jeff High gym on Friday evening, June 13, beginning at 8 o'clock.

W'LAKE BOARD REMAINS MUM ON VACANCIES

Westlake Improvement Association today continued to weigh replacements for directors Cass Norton and Charlie Santuccio, who resigned last month.

Monday's monthly meeting was a short session, lasting only until 9:30 p.m.

Business included motions to ask the city attorney for present ordinances on Westlake restrictions, checking the dirt problem in the 200 block on Avalon drive, asking the school board to study sidewalk and erosion situations at Vista Mar school off Southgate, and presentation of token gifts (desk pen sets) to Norton and Santuccio, both missing.

Acting board chairman is Emory Schoolcraft, newest director. Norton was chairman and Santuccio vice chairman.

'Miss Daly City' Applicants Sought As Contest Nears

Single girls of Daly City and Colma are urged to apply now as candidates for the "Miss Daly City" title, to be bestowed by the Chamber of Commerce on June 19 at Westlake Joe's.

Young ladies 16 to 26 are eligible, providing they have lived here at least a year. They will be asked to exhibit their talents in bathing suits and high heels.

Winner moves to the San Mateo County Fair contest and possibly to "Miss California" competition.

To apply for the fourth annual Daly City contest, call Pete Markovich, PL 5-2262.

Chamber Golf Meet Thursday

Duffers of all sizes and skills go after glory this Thursday in the fourth annual Daly City Chamber of Commerce golf tourney at Lake Merced.

The "tiring" starts at 8 a.m. and ends at 2 p.m., followed by the awarding of trophies and a big dinner.

More than 100 golfers are expected to participate.

Municipal Judge Thomas L. Bocci Jr. of Colma lost in his bid to unseat incumbent District Attorney Keith Sorenson, by a margin of 18,701 votes. Sorenson had 67,127 and Bocci 48,426.

Attorneys John J. Fahey and Charles Becker, both of Daly City, face a November runoff for Bocci's municipal judge post in South San Francisco. Fahey topped the ballots with 13,163, Becker was 12,921, and South San Francisco's Antonio Gaudio was eliminated—a distant third with 5543.

Green Fails
Paul Green, former Daly City mayor, was second to victorious incumbent Ralph E. Woodman of San Bruno in the three-man county assessor showdown. Woodman got 78,859, Green 17,759, and Harry Ryberg of Menlo Park had only 8145.

Sheriff Earl B. Whitmore defeated challenger Gene Lockhart, the "Muffler Man," by a landslide 75,000 votes. The incumbent received 94,450 to Lockhart's 18,994.

Two and possibly three candidates face a November showdown for the 2nd County Supervisorial District seat. High vote went to T. Louis Chess with 29,667. On his heels were Daniel Monaco, 23,441, and Mrs. Vera Eskin, 22,765. Eliminated were Victor Binsacca, 19,894, and Stanford Sowle, 6838.

Incumbent Edward McDonald retained his Fifth Supervisorial District job with a 71,759 to 26,398 verdict over Kyle Berriger.

Congressman J. Arthur Younger, 9th District, polled 67,029 total votes to Democrat Alma Oddstad's 46,228 as each looked to the November finale. Younger got 47,659 on GOP ticket and 19,390 on the Demo ballot. Oddstad had 40,681 from her party and 5547 on the Republican side.

25th District
Duel for the 25th Assembly seat this fall figures close as GOP incumbent Louis Francis Tuesday polled 27,377 total votes to 25,502 for Leo Ryan, South San Francisco Democrat. Francis had 19,410 Republican votes and 7967 on the Demo ticket. Ryan had 22,483 from his party and 3019 GOP votes.

Carl Britschgi, 26th Assembly District incumbent, mustered a 36,153 to 21,184 margin over Demo rival Robert Collier. Britschgi won 26,108 from the GOP and 10,045 from Demos. Collier's figures were 18,275 and 2909.

Breakdown on how the voting went in the greater Daly City area will be published next week.

COLMA SCHOOL TO GRADUATE ALMOST 400

Second largest class of "junior high" students—almost 400 of them—will receive diplomas Friday night, June 13, in Colma Intermediate School exercises at Jeff High gymnasium, starting at 8 p.m.

Mrs. Doris Wimberly, member of the district board of trustees, will hand out diplomas to the eighth graders. Dr. Bernhard Gerdes, school principal, will present the class in the traditional manner.

Student speakers will be: Stephen Elliott, valedictorian; Nancy McDonald, salutatorian; and Susan Robinson, historian.

For the first time, achievement awards to the most outstanding graduates will be featured. Also, trustee Joseph Lewkowitz will present his annual citizenship awards.

SECOND ANNUAL VACATION SHOW OPENS 4-DAY RUN IN WESTLAKE

Westlake Shopping Center's Second Annual Boat and Vacation show gets under way this week, commencing today and continuing through Saturday.

Sport boats, house trailers and marine equipment such as outboard motors, of all types, will be on display in the shopping center. The display is open-air and is free.

Coincidentally with the showing of the boats and vacation equipment the merchants of Westlake Shopping Center will stage their annual Dollar Days. Dollar Days at Westlake Shopping Center have been traditional at the end of May and first of June since the center was first established.

"Come down and see just how far a dollar will stretch," Les Ritchie, president of Westlake Merchants Association, was quoted as saying, as plans for the 1958 Dollar Days reached completion. Practically all merchants within the center are participating in Dollar Days and are offering specials priced at just \$1.

The Boat and Vacation exhibits will be held open during the evening hours when the stores remain open. Thus visitors may see them on either Wednesday or Friday night until 9 p.m. They will also be on display Saturday afternoon until 5:30 p.m.

Among those participating in the Boat Show will be Boats, Inc., 1855 Junipero Serra, Daly City; Sportline, 5080 Mission street, and Daly City Boats. In addition, there will be displays of boats and house trailers from Peninsula cities and from San Francisco.

UNUSUAL AUTO THEFT EPISODE JAILS DC YOUTH

30th avenue, said the juvenile simulated a gun (in his pocket) when he entered her car behind the DMV office. She had presumed he was a state employee, checking on her auto registration, she said.

Officer David Johnstone was first to pursue the youth in the stolen sedan. He spotted the Westmoorite speeding south of the high school near Beechwood drive.

ed suitable for effective teaching. The reduction of transportation and recreation will not seriously impair the academic development of the children. Many children in Daly City do not have transportation to school."

Few Facts

Board chairman Hartley Appleton said the first election went amiss "because we failed to properly advise the people of the purposes and needs of the district. This time, however, I think our committee will be solidly united."

Some voters were confused as to the tax rate listed by the citizens' committee for the May 27 election. Although the issue was to raise the tax from \$1.50 to \$2.20, the district, according to Asst. Supt. David Shapiro, is operating at a \$1.77 per \$100 rate at present.

The Outlook

The July 29 issue of raising the rate to \$2.50 maximum, Shapiro pointed out, does not mean that taxpayers would have to pay the \$2.50 immediately. The board of trustees set the tax rate each year according to budget needs. The \$2.50 merely is the maximum that trustees could authorize. Actually, the tax rate should ascend, then level off and decline as needs are resolved.

Money raised through the asked \$2.50 tax goes for operating expenses, including teacher salaries and classroom materials.

a half dozen Daly City and San Francisco cops on his reckless trail, finally ditched the car near the Lake Merced boat-house off Skyline. He dashed into the bushes nearby, but was apprehended quickly as the police circled his position.

A San Francisco motorist, Harvey B. Folsom, 130 18th avenue, said the youth's car "barely missed me head-on as he neared the lake on Skyline."

Johnstone booked the boy on suspicion of armed robbery and auto theft.

The other Daly City officers in on the chase were Richard Phillips, Charles Munday and Art Linhares.

Ben Franklin Windup Session Views Future

Benjamin Franklin PTA Board held its final meeting of the school year last week, bringing to light the Summer Recreation Program as well as the contemplated curriculum for the forthcoming term.

Principal Fred Schweickhardt elaborated upon what could be expected at Benjamin Franklin next fall, directing attention to the fact that there would be a total of 29 classrooms for a possible registration of 1000-fifth through eighth graders.

The activities will consist of an entire new concept of education comparable to high school training. Student counselors will be available to assist with numerous problems. Facilities such as an all-purpose shop, arts and crafts workshop, music room, library, etc. are some of the added advantages students will have at Benjamin Franklin.

President Mrs. Roy Milam reiterated the purpose of the PTA, stressing the importance of carrying out a constructive program of child development. Mrs. Milam briefly discussed what transpired at the recent PTA Convention, pointing out the individual part each member of the board has to assume in order to meet the requirements for a successful program.

St. Clair Motion

Councilman Robert St. Clair was commended by fellow councilmen Sunday night when he declared that "a more realistic system of estimating revenue be used so we will have more money to use now for essential needs in key departments."

St. Clair, citing last year's and the present budget, showed that revenue estimates were off about \$47,000. He said that if this amount had been figured into the budget, more money would have been available in reserve, contingency and capital outlay funds. The other councilmen agreed with his opinion.

'MEN OF NOTE' SPEED SIXTH ANNUAL CONCERT

All interested in choral singing, particularly devotees of male chorus works, should make plans now to attend the sixth annual concert of "Men of Note," San Francisco's popular male chorus. Their performance, under the direction of Delmar Severy, will be held at Herbert Hoover Junior High school, 14th and Santiago, Saturday evening, June 21 at 8:15 p.m.

Men of Note originated six years ago and has developed into a fine musical organization, its progress having been followed with interest throughout the Bay Area.

The group's slogan, "we are serious about having a lot of fun with music," speaks for the type of program presented. It will include familiar folk songs, light opera and a sprinkling of novelty numbers.

Tickets for the concert are available at the door.

Electric dishwashers never get tired ... and they'll save you many a weary moment. Just shake off scraps, the dishwasher does the rest. It rinses-scrubs-dries dishes (most pots 'n pans, too) in water so hot it actually sanitizes. Glassware comes out spotless ... silver sparkles. And you will too, with no dishes to wash morning, noon and night. Built-ins or portables ... designs are bright, prices right. And with P. GRADUATES... AND MORE TO COME

Another crop of well-intentioned and optimistic seniors will graduate next week from Daly City's two high schools—some 75 students leaving the local campuses for fresh pursuits, most of them college-bound.

We extend editorial "best wishes" to the 170 Jefferson and 75 Westmoor students on the eve of this first big day in their lives.

Jefferson, the monarch of Peninsula schools, has served its community since the early 1920's. Westmoor's ceremony next week marks its first graduating class.

School officials, trustees, teachers, and parents are justifiably proud on the progress in this booming area. But the immediate road offers many more problems and decisions to further the facilities and services for teaching our youngsters.

Education is important at all levels, kindergarten through and beyond the university "finished products." Thus it warrants full public interest and support.

This interest and support can only be accomplished by active participation. Attend board meetings, PTA sessions, and examine all bond and tax election issues. The stay-at-homes, remember, do most of the complaining because they are unaware of the hard facts.

Failure of the May 27 special tax election for Jefferson Elementary School District reflected the public apathy on a matter that couldn't be more critical and immediate.

Despite the varied reasons given for the failure of the tax election, one fact stands out like a sore thumb. Less than 2500 of the 17,000 eligible voters took the time to even go to the polls. And of those who responded, how many fully knew the complete picture?

The citizens' committee for the JESD election admittedly dropped the ball in carrying the election "yes" needs to the public in factual and hard-hitting style.

We trust the second tax election—July 29—will erase this setback and stimulate the public response that so far has all but "forgotten" the most important concern of all... the CHILDREN of this community.

Library Leader Cites Coverage

Dear Mr. Bradshaw:
Friends Of The Library has just completed a successful year and as outgoing president it is my pleasure to thank you for the part you played in making it so. By your wholehearted support of our efforts, by fine publicity you gave us, you have helped to build public interest in this organization which is devoted to assisting the library and fostering cultural activities in our community.

During the past year Friends Of The Library has brought to the public such well known authors as George Markdian, Ralph Moody who wrote "Little Britches" which is now being made into a movie; Dr. Mary-Margaret Scobey of San Francisco State College, and other Nichols of the Books and Authors program on KQ-D. We also had the honor of introducing our new librarian, Samuel Chandler, at a reception.

We plan an interesting program of events for the coming year and again we will look to you for publicity and support. It is in great part through the columns of your publications that we hope to reach our friends in Daly City, Broadmoor and Colma and keep them informed of what Friends Of The Library is doing.

Again, our sincere thanks.

MRS. EASON COMMENTS ON TRUSTEE DUTY

Dear Editor:

I would like to take this opportunity to thank you for the publicity given me in your newspaper regarding my candidacy for the Jefferson Union High School District trusteeship.

I should also like to express my sincere appreciation to all of the friends who supported my candidacy for re-election to the board of trustees.

As a member of the board, all of my efforts during the past year have been conscientiously directed toward the educational welfare of the youth in our district, and to see that the taxpayers received maximum value on their tax investment.

Your vote of confidence will greatly influence a continuance of these policies during the next three years.

Sincere thanks to all.

Very truly,

Adult School's Mosaics Work Is Exhibited

Members of the Jefferson Adult Evening Mosaics Class are exhibiting their work at Linda Mar Shopping Center. Their colorful display in the window of Linda Mar Shoe Repair Shop represents some of the work produced during the past 12 weeks in classes held at Linda Mar Elementary School.

Mosaics, an early Christian art medium, has been experiencing a very popular revival the past few years. Its popularity is due not only to its ready adaptability to contemporary decorative design but also because attractive mosaics can be made by the novice artist with few materials. None of the students represented in the show have had any previous experience in the medium but their work shows very creditable results.

Students attending the weekly classes are from various sections of the Bay Area. Those represented in the show are: Jean Cullen, Colma; Edna Eckman, Colma; Betty Kurihara, San Francisco; Marty Miller, Sharp Park; Edwin E. Robison, Sharp Park; Louise A. Smith, San Francisco; Joseph Weber, Linda Mar; and Sybil White, San Francisco.

Don Carlson, the instructor, plans to begin a new eight-week course at Jefferson High School in Daly City this fall. The classes will be held under the direction of Jefferson Adult Evening School. Anyone interested in joining

STUDENT musicians and choral groups from Bayshore and Brisbane joined talents recently for the Spring Festival at Brisbane Recreation Center. More than 500 parents and friends enjoyed the program.

The Town Record

By Roy Hurlbert

Our gripe of the week has fallen on the "sealed" ears of the Peninsula Sportswriters Association.

In picking the All-Peninsula varsity squad, they put a lad hitting only .230 on the first team as the loop's best catcher.

His team was not a contender, either. And two Daly City standouts, Jeff's JERRY KENNEDY and Westmoor's TOM McHUGH, both who hit near the .350 mark, were ruled out.

We have nothing personal against the boy chosen. But we think the scribes were a little partial.

Last time we looked, Daly City still had two teams in the seven-school league. Voting for all-star squads should be based on performance, not on regional preference!

In case you're dying to know: Daly City has about 150 municipal employees. And their president is a lady. Enough said.

David Johnstone, Daly City's reinstated cop, returned to active duty VERY actively Monday. He nabbed a Westmoor High car thief after a chase that put the Indianapolis '500 to shame. The juvenile almost got a bunch of folks killed in his reckless getaway try.

Vacation-time means fewer publicity releases from scores of local social groups and clubs. For meritorious and nifty item preparation we would like to cite PAT BROWN (Westlake Catholic Women), ELAINE ROSENDAHL (Snell PTA, et cetera) and SERVAT OJAKIAN (Girl Scouts, unlimited).

These messmates made our job much easier by submitting material that was short, to-the-point and professional in content.

Westlake Improvement Association's monthly news-sheet, THE WESTLAKER, now is in the hands of director BOB BRACHMAN, veteran SF reporter.

Bob, a Cal graduate and USF enthusiast, thinks Daly City is truly God's country. He's a worker of no small merit.

Along the same line, two more popular SF journalists, JACK and ART ROSENBAUM, are Daly City boys. The Rosenbaums years ago had quite a clan here.

Marchbanks ad man SAM FELSER motored to the new home of the Bums (L.A.) last week and stopped off to see ex-Colman Samuel Peeples. Profic Sam (Peeples) has so many Western book and TV contracts, he's swamped. Peeples has established a ranchero residence in the San Fernando Valley.

Colma School Officers Exchange Ideas With San Carlos Students

By Judie Reginelli
Colma School

Tierra Linda school in San Carlos was the destination of the old and new student body officers of Colma School on May 27.

President Ken Adelson, Vice President Steve Elliott, Secretary Pat Brice, Treasurer Carol Sciaroni, and Commissioners Carla Gomez, Judy Logan, Lorraine Storm and Pamela Greenwood, current officers, made the trip.

The newly elected executive council consisting of President David Jenkins, Vice President Cheryl Newman, Secretary Jayne Monson, Treasurer Judy Anderson, and Commissioners Penny Almquist, Linda Quinteros, Lorraine Bottarini, and Judie Reginelli also were members of the group.

On arrival, the officers were introduced to Tierra Linda's four student officers, and were

conducted on a tour of spacious and modern Tierra Linda school.

At a luncheon meeting the officers of the two schools discussed different phases of student government. Many differences were noted in a question and answer period. Among these were Colma's inclusion of an award system, yearbook, student handbook and functional student government as regular school activities.

From the interchange of ideas, the Colma student officers agreed that it was a worthwhile conference and felt a much greater appreciation for their form of student government, activities and school.

A future meeting with Tierra Linda students was planned.

Dr. Lloyd Andrews, school vice principal and sponsor of student body activities, assisted by Mrs. Ray Logan and Mrs. Sanford Vickers, accompanied the student group.

NEW STATE LAW

Daly City Gets \$111,765 'Advance' Apportionment To Meet Shortages

Robert C. Kirkwood, State Controller has announced the first payments of advance apportionments to local government under a new law to relieve cities and counties of cash shortages in the latter part of the fiscal year.

Under the law, the State accelerates the flow of revenues into the hands of local government during the "dry" period when collections are low—thus reducing the amounts which cities and counties often must borrow temporarily to meet cash needs.

The first payments under the new law are the second payments during the current fiscal year and total \$72,942,594. This was distributed to 351 cities and 58 counties in April as an advance of 75 percent of the apportionment of motor vehicle license fees collected by the State during the six-month period ending May 31, 1958.

The balance—about one-third of last month's apportionment, or \$24,314,000—will be apportioned in the latter part of June, Kirkwood said.

The advance payments are being made for the first time in accordance with a new 1957

law allowing cities and counties to receive the major part of revenue from motor vehicle fees in April rather than June.

This money is paid to local governments in lieu of personal property taxes on motor vehicles. The only restriction is that it must be expended for a "state purpose."

Daly City received \$111,765 under the apportionment; Colma, \$1088; Pacifica, \$76,070.

During the 1956-57 fiscal year, California cities, with population of 9,528,302, received \$49,265,173, or \$5.19 per capita. Counties, with population of 10,586,223, received \$49,265,173, or \$4.65 per capita.

Estimated distribution for 1957-58, based on budgeted revenues, is: cities, population 10,100,000, receive \$52,910,936, or \$5.24 per capita; and counties, population 10,586,223, receive \$52,910,936, or \$5 per capita.

Under the law, population of counties is in accordance with the 1950 decennial census. The population figure for cities is higher because it may include newly incorporated cities, annexations, and special census counts financed by the cities.

Daly City Navy Captain Retires After 37 Years

Captain Maurice E. Moulton, 15 Cliffside drive, Daly City, retired last week after more than 37 years of federal service in both the military and civilian branches of the United States government.

In a ceremony held on the bridge of the last ship that Captain Moulton served as master, USNS Shanks, Rear Admiral Harold O. Larson, congratulated him and read a letter from Vice Admiral John M. Will, Commander, MSTs, congratulating Moulton for his "valuable and loyal service."

Merriem Lanova, Ballet Tutor, Boasts Outstanding Background

One of the most unique professional backgrounds of any dance teacher in the United States is possessed by Merriem Lanova, the directress of the SF Conservatory of Ballet and Theater Arts, 1638 Market street, San Francisco.

At the age of four, Miss Lanova was given a contract at Universal-International Studios in Hollywood. Later on, she gained the attention of ballet master, Monsieur de Monte Carlo during one of his first tours of this country. Leonide Massine, famed choreographer and creator of "Red Shoes" and "Tales of Hoffman," offered Miss Lanova a contract, but since she was only in junior high school at that time, her parents refused to allow her to leave school.

Several years later, the young Californian returned to Hollywood under contract to MGM, where she appeared as a double for the stars who were required to dance ballet and were unable to do so. She danced for such stars as Vivian Leigh and taught Sir Oliver how to waltz.

Although this life was glamorous and exciting, ballet remained Miss Lanova's first love. But when professionals were needed for programs for the armed forces, Miss Lanova was assigned to a USO show, among such stars as Humphrey Bogart, Wayne Morris and one unknown girl named Loren Bacall. Many months of touring for the USO followed for which the Polish government in exile awarded her the title of Baroness for outstanding artistic ability and sacrifice of personal career for the sake of bringing joy through the dance to thousands of Allied Forces.

During one of the USO engagements in the Los Angeles area, Miss Lanova was accepted as a private student by Bronislava Nijinska, sister of the world famous Nijinski. Through Mme. Nijinska, Miss Lanova was taken to New York City to appear as a soloist in Ballet International directed by the Marquis de Cuevas. Upon completion of that contract, Miss Lanova joined Ballet Russe de Monte Carlo, at long last, under the sponsoring supervision of

75 Girl Scouts Train As Aides At San Bruno

A camp and program aide training course was taken by 75 Girl Scouts, seventh and eighth graders and Seniors—who met at Crystal Springs Park, San Bruno, on Saturday, May 24.

Mrs. S. Wilson, chairman for the Day Camp, was assisted by a large committee composed of volunteer mothers and Girl Scout Leaders.

The meeting was conducted on a council-wide basis, including the outlying territories as far south as Millbrae.

Camp aides will assist in Brownie Day Camps while the program aides will assist in Intermediate Camps at several sessions, starting June 16 and ending July 18.

During their pre-camp training last week, aside from a cook-out, the girls had practice in raising and lowering the flag; in lashing a hand-washing unit; and practicing other tasks typical of a day outdoors in camp.

Another pre-camp training sessions will take place on June 7, for those who didn't attend this one. Those planning to attend should contact Mrs. A. Mori, registrar, PL 5-1235.

7 New Second Grade Brownie Troops Formed

Mrs. Joseph Spinetti, inter-troop chairman for the Girl Scouts, organized seven new second grade Brownie Troops for Parkview-Sterling Park neighborhood.

Fourteen new leaders were recruited from the ranks of 40 mothers attending the meeting at Parkview Scout House. These troops go into action next September when school resumes.

Plans are also being forecast for next October, of a "first" get-acquainted picnic at Woodhaven Park in La Honda for the 7th and 8th grade junior high group. This will be district-wide and include every neighborhood in the area.

Prominent Poet To Teach Summer SF State Course

Louis Zukofsky of New York, acclaimed by critics as "one of the most important poets of the current generation," will join the summer faculty at San Francisco State College. Dr. Elias T. Arnsen, chairman of the Division of Humanities, announced today.

Zukofsky, currently on the faculty of Polytechnic Institute, Brooklyn, New York, has been engaged to replace Theodore Roethke of the University of Washington, who has been forced to cancel his contract because of illness. He will give a course in contemporary poetry and conduct a special workshop for practicing poets.

Mrs. Ruth Witt-Diamant, director of The Poetry Center at S. F. State, said Zukofsky will read from his own works on two occasions during the summer, and there will be a reception for him when Bay Area poetry lovers will have opportunity to meet him.

The contemporary poetry course will be given daily from 9:30 to 10:45 a.m. for three credit units, and is open to the general public. The regular summer session classes begin June 24, and students must register on June 21 or June 23.

The directed study in poetry writing is for poets only and admission will be based upon at least three pages of manuscripts submitted to the Humanities Division no later than June 15. Hours are to be arranged.

Westmoor High Students Visit 'Metropolitan'

Metropolitan Life Insurance Building, 600 Stockton street, San Francisco, was the recent destination of Westmoor's secretarial training class.

Since most of the students in the class plan to become secretaries or office workers, they felt that a visit to such an efficient and large office would be enlightening.

With Mr. Reichel and Miss Milligan of the Personnel Division acting as guides, the group toured the entire seven-floor structure. They viewed with particular interest the large I.B.M. machines, filing rooms, transcription rooms and mailing rooms. One of the highlights of the tour was an informal talk with two of the top secretaries at Metropolitan Life. These secretaries gave some valuable pointers on their type of work.

In the discussion period following the tour, Reichel explained the company's testing and hiring procedures and the general employment situation.

Westmoor students also enjoyed a typical coffee break and lunch as guests of Metropolitan Life. Of great interest to the many was the fact that the company offers as one of its benefits free coffee and rolls for coffee break and also a free lunch.

Secretarial training students on this trip included: Wanda Berry, Gail Farris, Georgia Smith, Barbara Marshall, Linda Logan, Sylvia Gardner, Anna Papia, Margi Jadinak, Jackie Willard, Mittie Peabody, Marilyn Olson, Beverly Sanders, Irene Bolton, Peggy Jones, Marion Radzinski, Bette Peers, Sharon Harmon, Marjorie Clawson and Beverly Hansen.

Accompanying the students was George Hinkle, their instructor.

WESTMOOR High secretarial class pose outside San Francisco Metropolitan Life headquarters, following recent tour of the insurance company.

DALY CITY COUPLE

'Pioneer' Nelssons To Mark Golden Wedding Anniversary

Mr. and Mrs. Charles Nelsson of 38 Vendome avenue, pioneers of Daly City, will celebrate their 50th wedding anniversary at their home Sunday, June 15. They will receive their relatives and old-time friends from 2 to 6 p.m. A buffet supper will be served and many happy memories of the past will be relived.

The Nelssons met in 1906, married in 1908 and raised four children. They are among the first residents of Daly City. They remember days when water had to be carried from the reservoir over rutty roads to their home. Daly City has indeed grown in the past 50 years and Mr. and Mrs. Nelsson have watched this growth every step of the way. They have lived in this city for 49 years, bought a partially-built home a year after their marriage, finished building and are still on Vendome avenue, living next door to the little home they started in.

Mrs. Katherine Nelsson, 80 years of age, is a native of

Switzerland and the last living member of a very large family. She has been a busy housewife, belongs to a Swiss lodge and enjoys their meetings and sewing group. She is an ardent garden lover and spends many hours in her lovely backyard.

Mr. Nelsson, 92, is a native of Sweden. He left home at an early age to sail the seven seas. He traveled the globe many times before settling down to the task of raising a family. He worked at the waterfront in San Francisco until the ripe old age of 76. He has found many little jobs to keep him active in the past years at home, the latest watching TV.

Mrs. Lawrence (Cecelia) Kennedy, the eldest of the Nelsson children, is also a life-long resident of Daly City and is the mother of five children. Charles Nelsson is next in line. He is a resident of San Francisco and

a graduate of Jefferson High. Then comes Mrs. George (Martha) Chisholm, a resident of Hayward. She is also a graduate of Jefferson and has two daughters and a son. Mrs. William (Hilda) Elder is a resident of Cupertino. She is also the mother of two daughters and a son.

The four Nelsson children will act as host and hostesses on the 15th and will help their parents receive friends on their golden wedding observance.

UC Offers Circular On Termite Control

Berkeley—The western subterranean termite does the greatest damage in California.

While subterranean termites feed on wood they must have contact with moist soil to survive. The termites build earth shelter tubes between wood parts and the moist ground. If these tubes are broken, and the termites have no other source of moisture, those stranded above the broken tube will die.

These and other facts on termite detection and control are given in the recently issued free University of California publication, "Termite Control," U.C. Circular 469.

Coast Women's Club Installs New Officers

Federated Coastside Women's Club of Pacifica celebrated its first year on Tuesday, May 20. After introduction of Joan Westerlund, candidate for Rodeo Queen, plans were discussed for a summer conservation program, including the planting of barren hills with pines or ice plant.

Fifty dollars was donated from the youth fund to the city for its summer recreation program for the school children. The annual family picnic was announced for July 13, to be held at Searsville Lake. Mrs. Dan Uriarte, membership chairman, told of plans for a silver tea in September for guests of the members and newcomers to the area.

A committee consisting of Mesdames Walter Henkel, Walter Langosch, and James Scurlock were appointed to handle the Nurse's Scholarship Fund. Money for this fund was obtained through a fashion luncheon held at Nick's Rockaway Cafe.

Delegates, the Mesdames Darwin B. Schmidt and Ernest R. Mattson, gave reports on the State Convention of the General Federation of Women's Clubs held recently at Sheraton-Palace hotel. The Coastside club received honorable mention in publicity.

The meeting closed with the installation of the new officers: Mrs. Darwin B. Schmidt, president; Mrs. Charles Ashworth, 1st vice president; Mrs. Dan Uriarte, 2nd vice president; Mrs. Thomas Lazzaro, recording secretary; Mrs. Ernest Mattson, corresponding secretary; Mrs. C. T. Raines, treasurer; Mrs. Gordon MacDonald, auditor.

Mrs. Alan Eisan was appointed parliamentarian. Theme of the program was "First Birthday."

Winfield Scott Graduated From Evinrude Motors

Winfield H. Scott, Jr., 14 Ocean Grove Avenue, Daly City, has just returned from Milwaukee, Wisconsin, where he completed a two week factor service training program at Evinrude Motors, the world's oldest and largest manufacturer of outboard motors.

Scott, of Boats, Inc., 1855 Junipero Serra Boulevard, Daly City, was one of 12 representative graduates from the Evinrude Service School on May 16.

The training program was devoted to techniques of service and maintenance of 1958 Evinrude outboard motors.

"For the first time every owner of an outboard boat can get a motor designed specifically to meet the power requirements of his hull," Scott said. "Evinrude's 12 motors, ranging from three to 50 horsepower, give the outboard enthusiast the key to balanced boat and motor operation."

"In addition," Scott said, "the new motors are the easiest starting and quietest ever marketed."

Pack 999 Kids Surprise Dads With Rewards

A carnival staged by Den Two, a surprise turnabout in award giving, and ice cream and cake provided by their sponsor, highlighted the May meeting of Daly City Cub Scout Pack 999.

This Pack, sponsored by Temple Judea Men's Club, met May 28 at Garden Village school. The meeting opened with the pledge of allegiance followed by Assistant Cubmaster George Chernock's presentation of the pack's second year charter to the evening's guest of honor, Melvin Pincus, president of the Temple Men's Club.

All Cub Scouts present voted a round of get-well wishes to be relayed via his mother to absent member Charles Lickerman, laid up with a leg injury.

Cubmaster Ed Mann announced that the following boys had won awards: Kip Morris, wolf badge and gold arrow; Brown Adams, wolf badge and gold arrow; Steven Pollock, bear badge; Paul Chernock, silver arrow and assistant denner's stripe; Sig Adler, one year pin. Caesar Molina received his denner's stripe; Alan Spencer and Robert Reinhrz each won a gold arrow. Guy Aronson was awarded one gold and two silver arrows. For their help in leading the weekly den meetings, Alan Contreras and Douglas Shanoian earned Den Chief cords.

After the boys had received these awards, Kenny Freiberg, speaker for the pack, said the boys were tired of always being on the receiving end at these meetings. Therefore the Cub Scouts had decided to reward some of the dads for their work. Then, much to their surprise, Cubmaster Mann and assistant, Chernock, were each presented with a wallet and Treasurer George Brown received a pen. Mrs. Warren McHugh was given a pen to be taken home to her husband, the Pack's awards chairman, who was unable to be present that night.

Den One recited an original poem describing a show they had put on. Den Two set up a carnival of dart games, bowling, and ring toss for all present, with lollipops as prizes. The meeting ended with all enjoying the sponsor's gift of ice cream and cake.

Cubmaster Mann reminded the boys of the trip to Treasure Island for swimming and brunch which is planned for June 7. He also announced an overnight father-son excursion which is tentatively scheduled for August, at a ranch owned by the grandfather of one of the Cubs.

CONFERENCE AT STATE

With outstanding speakers present, the San Francisco State College 8th annual Radio-Television Guild conference was a stimulating and exciting one, and covered a wide range of subjects from job opportunities to tape recorders.

In carefully analyzing the effect of such a conference, we feel that there were many important results. For an industry to give freely of its top executives to advise young college students who are studying in the field, is certainly good public service.

Another benefit of the conference we believe, was the chance industry had to look at itself. With both television and radio represented, and discussion all the way from "Top 40" to documentaries, the conference certainly provided "food for thought" to the various industry representatives.

"At the evening banquet, industry awards were presented to KSFO and KQED in recognition of outstanding contributions in broadcast training, and to KCBS in recognition of upholding industry standards.

KQED AUCTION... GOING

So stay by your television, and be ready to make your bid.

To reach the range, turn east one mile off highway 1 opposite the administration building of Half Moon Bay airport, between Princeton and Montara.

Ron Johnson's 15 strikeouts and two-hit pitching sparked the win over the Matsox. Bruce Hix fanned 14 and gave up but four hits in the second win of the week.

Dan Colangelo and Bruce Hix slapped homers against the Matsox and Gary Mendosa stroked two doubles.

Errors made the game with Parkmerced a close.

Cornell Holmes Hurls Mates To SF Loop Title

Cornell Holmes fanned 15 batters as he pitched Moar Cafeteria to the SF Police League title, turning in a one-hit job and walking but one batsman.

In seven loop games, Holmes fanned 77, allowed just 8 hits and hit .402. His season included a no-hitter in which only one rival reached second base.

Teammates included Rich Morales (.426 to lead the league), John Souza (.412) and John Junglas (.400).

Two For Tonight

By Lenore Brewer

Edwin Lester's second offering in his 21st annual season of Civic Light Opera is an opulent production of "The King and I." It stars Cameron Mitchell as the 19th Century Siamese monarch who desired that both he and his nation be respected by the Western world, and Gisele MacKenzie as the English schoolteacher who went to Siam to teach the king's children and stayed to guide the king and his heir along the road from Oriental despotism to enlightened modern rule.

Despite its familiarity the plot is as intriguing as ever. Joe Mielzinger's settings and Irene Sharaff's costumes are like something out of an Arabian Nights dream; the melodies and lyrics (with the exception of "I Whistle a Happy Tune") stand up to many rehearsals; "The Small House of Uncle Thomas" is as fascinating as at first viewing, and the title role has a depth and virility seldom found on the light opera stage, which is dominated by boys, not men.

Inevitably, Mitchell's playing of the King is reminiscent of Yul Brynner's portrayal. How could it be otherwise? And why should this similarity be a bad thing? Any stage role which lives beyond the player who created it has a certain basic interpretation which never changes. However, the individual has considerable latitude to express that while he is aware of tradition, he is not a blind follower but is contributing to it.

BUSY WEEKEND

DC Drug Nine Edge OLPH, 2 More Foes

Taking the Our Lady of Perpetual Help nine 7 to 2 on Memorial Day started the Daly City Drugs horsechiders toward a triple win for the long holiday weekend.

Walt Korman's Chevrons of Vallejo were the Saturday victims by a lopsided score, 19 to 4, at Sonoma County Fairgrounds Babe Ruth Field. Barry Krohn's shutout pitching tripped the South-Sunset Juniors, 7 to 0, for the Creighton-Krohn kids second win over Marty Loughman.

Billy Kane was touched for 12 hits toiling for OLPH, and Tom Bournellis' boys bunched them in two's in the second, fourth and seventh, picking up the other tally in the third.

Mike Rovai hit two for four against Kane and picked up a run batted in with a double. Billy Hix also had a two-for-four day with two RBIs. Krohn and George Claus joined the two-for-four gang.

Vallejo Chevron pitchers had trouble finding the plate and their fielders were a little bit slow. At the end of two innings, the Daly City Drugs had 16 runs on one hit. George Claus hurled for DC and struck out nine while walking four and giving up only five hits. It was a field day for Mike O'Leary with two for three (one bounced over the fence for a ground rule double giving him two RBIs.)

Bill Hynes batted in four runs, and Claus and Sonny Stoller had two each. Bruce Hix hit two for four and also knocked across two runs. Mike Lanthier relieved Danny Luciano in center in the fourth.

Marty Loughman, South-Sunset lefthander, struck out the first two men to face him, but Billy Hix singled in the
